Coherent USB-PowerMax Pro Fast Measurement Systems

See More by [Coherent®](#)

- Fastest Response Laser Power Measurement System Available
- Fully Integrated Plug-and-Play USB System
- Large Active Area for Full Beam Measurement

Common Specifications

General			
Rise Time (µs):	≤10	Calibration Uncertainty (%):	±2
Cooling Method:	Water/Air (intermittent)	Fall Time (µs):	≤10
Optical Properties			
Calibration Wavelength (nm):	810
