## Product Details

- Capable of Achieving Magnifications from 2.4X - 320X
- Modular Design for Maximum Customizability
- Ergonomic Option to Prevent Repeat Use Injuries
- Requires [#88-609](#) for 0.3X or 0.5X Objectives

These Z Series Modular Zoom Stereo Microscopes are the perfect choice to build a new inspection system with easy to use components. With 3 zoom range options and multiple objectives and eyepieces, these systems can be customized to meet your exact needs. Optional components include a photoport insert and C-Mount adapter to connect directly to C-Mount cameras, as well as, [LED Ring Light Illuminators](#). When utilizing the 0.3X or 0.5X objectives, the Riser Adapter, [#88-609](#), is required.

## Technical Information

| Description     |                                               |                                                               | Stock No.               |
|-----------------|-----------------------------------------------|---------------------------------------------------------------|-------------------------|
| Main Body       | One Required                                  | 0.8X - 8.0X Zoom Body Z Series Microscope, Z10                | <a href="#">#68-772</a> |
|                 |                                               | 0.8X - 6.4X Zoom Body Z Series Microscope, Z8                 | <a href="#">#68-773</a> |
|                 |                                               | 0.8X - 5.0X Zoom Body Z Series Microscope, Z6                 | <a href="#">#68-774</a> |
| Viewing Head    | One Required                                  | Binocular Microscope Head 20° Incline                         | <a href="#">#68-775</a> |
|                 |                                               | Ergonomic Microscope Head 0-35° Incline                       | <a href="#">#68-776</a> |
| Eyepieces       | Two Required                                  | WF 10X Eyepiece with 24mm FOV, Compatible w/ 26.5mm Reticle   | <a href="#">#68-777</a> |
|                 |                                               | WF 15X Eyepiece with 16mm FOV, Compatible w/ 20.0mm Reticle   | <a href="#">#68-778</a> |
|                 |                                               | WF 20X Eyepiece with 12.5mm FOV, Not Reticle Compatible       | <a href="#">#68-779</a> |
| Objective       | One Required                                  | 0.3X Achromatic Z Series Objective, 0.03 NA, 280mm WD         | <a href="#">#68-780</a> |
|                 |                                               | 0.5X Plan Apochromatic Z Series Objective, 0.05 NA, 126mm WD  | <a href="#">#68-781</a> |
