## Product Details

- Durable, Lab-Ready Construction
- Multiple Size and Capacity Options Available
- Precision-Cut Foam for Secure Fit
- Optimized for Thin Optics Storage

Empty Vinyl Cases for Lens and Filter Kits are semi-ridged, lightweight, and impact-resistant optical component storage cases designed for the organized storage and transportation of thin 25 and 50mm diameter optics. Each case includes a precision-cut foam insert to allow for a secure, protective fit of either 8, 14, or 48 individual optical components. Empty Vinyl Cases for Lens and Filter Kits are ideal for lab use, transport, or clean storage, where they provide a secure protective storage environment for optical components.
