### General

OEM **Type:**

[1135, 1135P](#) **Compatible Laser Models:**

L23 Series **Model Number:**

[#62-726, #62-727](#) **Compatible Laser Stock Number:**

### Physical & Mechanical Properties

4.25 x 3.30 x 1.20      **Dimensions (inches):**

## Electrical

2.5-25      **Output Power (W):**

7.5 (Max. Current Draw)      **Input Current (A):**

## Hardware & Interface Connectivity

3100      **Output Voltage (V):**

6.5      **Output Current (mA):**

High Voltage Alden Connector      **Connector:**

10-14 DC      **Input Voltage (V):**

## Regulatory Compliance

## Product Details

- Power Options from 0.5 - 22.5mW
- Improved Stability
- Ideal for Interferometry and Metrology Applications
- Random or Linear Polarization Options

Lumentum High Performance Helium-Neon Lasers feature a patented close-cathode design that provides improved thermal and power stability. They also utilize a patented field concentrator design that enables fast turn-on. These Lumentum HeNe lasers also feature precisely aligned cylindrical housings, with cylindrical laser heads and electrical interconnect systems used to simplify system integration. Lumentum High Performance Helium-Neon Lasers' rugged design is ideal for even the most demanding applications. They are exemplary for use within interferometry and metrology applications.

**Note:** Please exercise caution when using a user-provided power supply to not exceed the electrical specifications of the laser as this may cause damage and void the warranty. These HeNe lasers comply with 21CFR1040 and IEC 825-1:1993. Lumentum was previously known as JDSU.
