Product Details

- Designed for use with [TECHSPEC® CompactTL™ Telecentric Lenses](#)
 - Built-in Cooling Fins for Consistent, High Intensity Performance
 - Includes Easy to Integrate Polarizer and Diffuser
- LED Ring Lights for Telecentric Lenses provide high intensity and uniform LED illumination with a divergence angle optimized for telecentric lens working distances. Designed to integrate directly with [TECHSPEC® CompactTL™ Telecentric Lenses](#), these ring lights attach without the need for additional custom mounting. Featuring a sturdy metal casing and built in cooling fans, LED Ring Lights for Telecentric Lenses allow for continuous operation over extended periods of time. A mounting plate, clamp, diffuser, polarizer, and extension cable are all included in purchase of a LED Ring Light for Telecentric Lenses.
- Note:** Power Supply [#73-651](#) is required (sold separately).
